Re: PSC Administrative Case 2006-00357
Proposed Customer Education Plan

Dear Ms. O'Donnell:

Please find enclosed the original and four (4) copies of our company's proposed customer education plans on the split of the 270 area code.

Should you have any questions regarding our filing, please don't hesitate to contact me.

Sincerely,

Gregory A. Hale
General Manager/Executive Vice President

PSC CASE NO.
2006-00357

**LOGAN TELEPHONE COOPERATIVE'S PROPOSED
CUSTOMER EDUCATION PLAN AS ORDERED BY
THE COMMISSION ON MAY 31, 2007 AND AMENDED ON JUNE 15, 2007**

Logan Telephone Cooperative customers should get significant exposure to AT&T's regional and statewide advertisements on the new 364 area code as we are totally surrounded by their markets and all local newspaper and media outlets used by our customers reside in their serving territory.

Immediately after the May 31st order we posted exhaustion relief information on our website at www.logantele.com and have also included this information in our 2007 Annual Report that was mailed to each customer. Exhaustion relief information will continue to be made available on our website throughout the transition.

Just prior to the six-month permissive dialing period we will update our website and include a bill message to all customers. Upon implementation of the mandatory dialing period we will update our website to notify customers of mandatory dialing to the 364 area code and include a bill message to all customers. Information will also be included in our spring newsletter and our July annual report about these changes.

Respectfully submitted,

Gregory A. Hale
Executive Vice President
